

IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF CALIFORNIA

IN RE: HARD DISK DRIVE SUSPENSION  
ASSEMBLIES ANTITRUST LITIGATION

Case No. 19-md-02918-MMC

MDL No. 2918

This Order Relates to:  
ALL CASES

**ORDER SCHEDULING INITIAL  
CASE MANAGEMENT  
CONFERENCE; DIRECTIONS TO  
PARTIES; DIRECTIONS TO CLERK**

On October 8, 2019, the Judicial Panel on Multidistrict Litigation ("JPML") transferred to this Court for coordinated or consolidated pretrial proceedings four actions, each of which alleges defendants engaged in a conspiracy to fix, raise, maintain, or stabilize the price of hard disk drive suspension assemblies sold in the United States. On October 17, 2019, the JPML transferred an additional fourteen such actions. In addition, eight actions alleging similar claims have been filed in this District and are appropriate for coordinated or consolidated pretrial proceedings with the above-referenced transferred actions. As the number and complexity of these actions warrant holding a single, coordinated initial case management conference for all actions in In re: Hard Disk Drive Suspension Assemblies Antitrust Litigation, the Court orders as follows:

1. APPLICABILITY OF ORDER: Prior to the initial case management conference and entry of a comprehensive order governing all further proceedings in this multi-district ("MDL") proceeding, the provisions of this Order shall govern the practice and procedure in those actions that were transferred to this Court by the JPML. This Order also applies to all related actions filed in all divisions of the Northern District of California and all "tag-along actions" later filed in, removed to, or transferred to this Court.

1           2.       COORDINATION: The civil actions transferred to this Court or related to the  
2 actions already pending before this Court are coordinated for pretrial purposes only. Any  
3 "tag-along actions" later filed in, removed to, or transferred to this Court, or directly filed in  
4 the Northern District of California, will automatically be related to this action without the  
5 necessity of future motions or orders. This coordination does not constitute a  
6 determination that the actions should be consolidated for trial, nor does it have the effect  
7 of making any entity a party to any action in which he, she or it has not been named,  
8 served or added in accordance with the Federal Rules of Civil Procedure. To facilitate  
9 the efficient coordination of cases in this matter, all parties to this action shall notify the  
10 JPML of other potential related or "tag-along" actions of which they are aware or become  
11 aware.

12  
13           3.       DATE OF INITIAL CASE MANAGEMENT CONFERENCE: Matters relating  
14 to pretrial and discovery proceedings in these cases will be addressed at an initial case  
15 management conference to be held on **Friday, November 15, 2019, at 9:00 a.m.**, in  
16 Courtroom 7, 19th Floor, United States Courthouse, 450 Golden Gate Avenue, San  
17 Francisco, California. Counsel are expected to familiarize themselves with the *Manual*  
18 *for Complex Litigation, Fourth* ("MCL 4th") and be prepared at the conference to suggest  
19 procedures that will facilitate the expeditious, economical and just resolution of this  
20 litigation.

21           **By November 8, 2019**, the parties shall file a joint case management statement  
22 advising the Court as to the status of all litigation pending in this MDL matter, as well as  
23 the status of all potential tag-along cases. The statement shall also advise the Court of  
24 the steps the parties have taken to preserve relevant evidence, including electronically  
25 stored information. Counsel shall be prepared at the initial conference to answer  
26 questions from the Court regarding the written submission, litigation status and evidence  
27 preservation.

28           The statement shall also contain a brief section indicating the parties' preliminary

1 understanding of the facts involved in the litigation and the critical factual and legal  
2 issues. The comments in such section will not be binding, will not waive claims or  
3 defenses, and may not be offered in evidence against a party in later proceedings. The  
4 statement shall also identify any pending motions in each case comprising the instant  
5 MDL proceeding. The statement shall also list all related cases pending in state or  
6 federal court (that have not already been transferred to this Court), together with their  
7 current status, including any discovery taken to date, to the extent known.  
8

9 4. INITIAL CONFERENCE APPEARANCES: Each party shall appear at the  
10 initial case management conference through the party's attorney who will have primary  
11 responsibility for the party's interest in this litigation. By designating an attorney to  
12 represent the party's interest at the conference, a party will not be precluded from other  
13 representation during the litigation, nor will attendance at the conference waive objections  
14 to jurisdiction, venue or service.  
15

16 5. RESPONSE EXTENSION AND STAY: Defendants are granted an  
17 extension of time for responding by motion or answer to the complaints until a date to be  
18 set by this Court. Pending the initial case management conference and further orders of  
19 this Court, all outstanding discovery proceedings are stayed. Moreover, any pending  
20 motion must be re-noticed for hearing before the Court. Any orders, including protective  
21 orders, previously entered by any transferor district court shall remain in full force and  
22 effect unless modified by this Court upon application.  
23

24 6. MASTER DOCKET FILE: The Clerk of the Court will maintain a master  
25 docket case file under the caption In re: Hard Disk Drive Suspension Assemblies Antitrust  
26 Litigation, Case No. 19-md-02918 MMC, and the identification of "MDL No. 2918."  
27  
28

1           7.       FILING: Each attorney of record is obligated to become a Northern District  
2 of California ECF User and be assigned a user ID and password for access to the  
3 system. If he or she has not already done so, counsel shall register forthwith as an ECF  
4 User and be issued an ECF User ID and password. Forms and instructions can be found  
5 on the Court's website at [www.cand.uscourts.gov/cm-ecf](http://www.cand.uscourts.gov/cm-ecf).

6           All documents shall be e-filed in the master file, No. 19-md-02918 MMC. When a  
7 filed document is intended to apply to all actions, such intent shall be indicated by the  
8 words: "This Document Relates to All Cases." When a filed document is intended to  
9 apply to fewer than all actions, the docket number of each individual case to which the  
10 document relates shall appear immediately after the words "This Document Relates to."  
11 Documents that pertain to one action or only some of the actions shall also be e-filed in  
12 the individual case(s) to which the documents pertain. When counsel files a document  
13 applicable only to a specific action or actions, counsel shall not "spread" such filings to  
14 the other component actions when presented with that option during the electronic case  
15 filing process.

16  
17           8.       DOCKETING NEW CASES: When, after the date of this Order, an action  
18 that properly belongs as part of In re: Hard Disk Drive Suspension Assemblies Antitrust  
19 Litigation is filed in the Northern District of California or is transferred here from another  
20 court, the Clerk of this Court shall:

- 21                   a.       File a copy of this Order in the separate file for such action; and  
22                   b.       Make an appropriate entry on the master docket sheet.

23  
24           9.       APPEARANCES: Counsel who are not admitted to practice before the  
25 Northern District of California must file an application to be admitted pro hac vice. See  
26 Civil L.R. 11-3. The requirement that pro hac vice counsel retain local counsel, see Civil  
27 L.R. 11- 3(a)(3), is waived and does not apply to this MDL action.

1           10.     PRESERVATION OF EVIDENCE: All parties and counsel are reminded of  
2 their duty to preserve evidence that may be relevant to this action, including electronically  
3 stored information. Any evidence preservation order previously entered in any of the  
4 transferred actions shall remain in full force and effect until further order of the Court.  
5 Until the parties reach an agreement on a preservation plan for all cases or the Court  
6 orders otherwise, each party shall take reasonable steps to preserve all evidence that  
7 may be relevant to this litigation. Counsel, as officers of the court, are obligated to  
8 exercise all reasonable efforts to identify and notify parties and nonparties, including  
9 employees of corporate or institutional parties, of their preservation obligations.

10  
11           11.     NO FILING OF DISCOVERY REQUESTS: In accordance with Rule 5(d)(1)  
12 of the Federal Rules of Civil Procedure, discovery requests and responses are not to be  
13 filed with the Clerk nor sent to chambers, except to the extent needed in connection with  
14 a motion.

15  
16           12.     LIAISON COUNSEL: Prior to the initial case management conference,  
17 counsel for all parties shall, to the extent they have not already done so, confer regarding  
18 whether this case would benefit from the selection of a candidate for the position of  
19 liaison counsel who will be charged with essentially administrative matters and, if so, who  
20 that candidate should be and what the duties should be.

21  
22           13.     DISCOVERY AND PROTECTIVE ORDER: Counsel should be prepared to  
23 discuss at the Initial Case Management Conference mechanisms for coordinating  
24 discovery efforts. Counsel shall also be prepared to discuss a stipulated protective order  
25 and, if possible, present one to the Court for its consideration.

26           **IT IS SO ORDERED.**
